NATIONAL PARKS TO TAKE OVER FEDERAL LAND NEAR DENISON

WASHINGTON, April 18.—(AP)— Senator Elmer Thomas (D-Okla) said yesterday that most of the government-owned property the Denison dam area may be trasferred to the national park service.

The Oklahoma senator's statement came coincident with the disclosure by Lieut, Gen. R. A. Wheeler, chief of the army engineers, that the war department contemplates retaining the dam and reservoir and a small amount of adjacent land.

Already, two tracts have been given the wildlife service, the man, Texas, wildlife refuges, and two small areas near Madill and Durant, Okia., are to be Ranger headquarters for Oklahoma and the Texas game and fish com-

What's a bobby soxer? Tony What's a bobby soxer? Tony Martin wants to know.

When Tony left for the service more than four years ago, bobby sox were just another item of a girl's wardrobe. Now they are an institution, of particular importance to Tony's profession.

Tony is finding out what bobby soxers are and he hopes to win them over to his side. With or without them he is doing right well since his discharge from the army. The other day he made \$25,000 just for his signature—that's \$12,500 per name, son.

The deal was for Tony's services on Morucry records for one year and the 25 gees is advance payment on royalties. In addition, he is starting his own radio pregram this Saturday. And MGM

There was a strong feeling among government labor officials that the public is not aware of what the strike might mean in lost production.

Hence Small and Krug were ask-

This levy is a part of a farm-to-market road program adopted and recommended at a recent county-wide mass meeting attended by delegations from all sections of the county.

To Employ Engineer.

The court recently adopted a resolution for the employing of a Competent engineer to have charge of the laying out, planning, construction and maintenance of the farm-to-market roads and the sense of the mass meeting, too, was for the legislators to be contacted as to their attitude in the proposed levying of to be contacted as to their atti-tude in the proposed levying of an additional one-cent gasoline tax for farm-to-market roads in

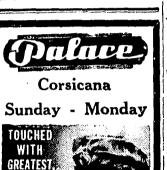

the various counties.

This procedure was adopted at the mass meeting in lieu of a bond issue, since the present cost of road construction is believed to be higher than it will be in a

few years.

State Program

The state highway department recently announced a three-year program for Navarro county, embracing 52.2 miles of lateral roads for construction. Taking into consideration the 52.2 miles of state-post-width form-to-market years. constructed farm-to-market roads
